**IN THE MATTER OF THE  
FOOD-DRIVE-IN RESTAURANT  
FOR DAIRY QUEEN  
2328 FRANKLIN AVENUE EAST  
WARD 2**

**LICENSES  
OPERATING  
CONDITIONS**

The Dairy Queen, located at 2328 Franklin Avenue East, failed to meet the requirements of the Environmental Health Codes in License Year 2001. Steady progress has been made toward completing the environmental health requirements. In order to prevent further delay in the reopening of the Dairy Queen, the Licensee agrees to the following license condition.

**CONDITIONS**

1. The City of Minneapolis agrees to conditionally approve the license application at the Public Safety and Regulatory Services Committee on June 12, 2002 with the following condition. The licensee, Stephanie Pisarski, understands that she cannot open her drive-in restaurant until Environmental Health Inspector Laura Huseby and/or her supervisor Tim Jenkins issue a written notice that all environmental health orders attached to this agreement are completed to the environmental health division's satisfaction. The City of Minneapolis is agreeing to this condition due to the belief that the Dairy Queen is progressing toward completion of the orders and wishes to reduce any further delay in the opening of the business.

**I have read these license-operating conditions and agree to adhere to them. I understand that failure on my part or the part of my business to adhere to this agreement with the Department may lead to further action against my license. I also understand that this report must be accepted by the Minneapolis City Council and signed by the Mayor. I understand that future violations may put my license in jeopardy.**
